Erratum: I have the same formula wrong in two different places. The formula a third of the way down on page 431 in [1] and also the formula in Proposition 6.5.6, p. 137, in [2], should be:

$$h_{ts} \longmapsto \sum_{j=0}^{\lfloor \frac{-s+t-1}{2} \rfloor} \sum_{i=j+s+1}^{t-j} \zeta_j^{2^s} \xi_{t-i-j}^{2^{i+j+s}} \otimes h_{i,j+s}.$$

(The mistake was in the upper limit on the first sum.)
