University of Washington
Math 308E
Winter 2016
General Information

Instructor:
Ethan Devinatz
Padelford C-554
phone: 685-4777
e-mail: devinatz@math.washington.edu
web: http://www.math.washington.edu/~devinatz

Office hours: Monday and Wednesday 3:00–4:00, and by appointment.

Text: Linear Algebra with Applications, by Jeffrey Holt. You may purchase a hard copy of this book at the University Bookstore or use the electronic version that comes with Webassign.

Homework: Homework will be done on Webassign. Go to my website and click on “Webassign Information” if you are unfamiliar with it. I will try, after each lecture, to indicate on my website which problems you should be able to do. However, it is your responsibility to keep track of homework due dates on Webassign, as homework due days may vary. You may need a basic scientific calculator for your homework, but calculators will not be allowed on tests.

Exams: There will be two midterms and a final exam. The midterms will be given in class and are tentatively scheduled for Friday, January 29 and Friday, February 28. The final exam will be on Wednesday, March 16 from 2:30–4:20. Make-ups to the midterms will not be given. Only under unavoidable emergencies (e.g., illness, death in family) will you be allowed to miss an exam without penalty. Such emergencies should be documented if at all possible. Note, however, that if you take an exam you cannot claim illness as an excuse for doing poorly. In certain other situations (e.g., athletic meets, family obligations), you may arrange to take an exam early. This must, however, be set up well in advance and does not apply to the final. (Do not make any arrangements to leave town before March 16.) I will follow the procedures outlined in the Examination Guidelines (look under Academic Calendar and Final Exam Schedule) in dealing with final exam absences.

Grading:
Homework: 10%
Midterm 1: 25%
Midterm 2: 25%
Final: 40%

The grade of I (incomplete) will be given only under the conditions in the University of Washington General Catalog (under ”Grading Systems”).
