

Reading

- Chapters 5 and 6.

Part I

- A. Pages 51–52, Exercises 5.2, 5.3, 5.4, 5.6, 5.7.

Part II

Proofs should still be written in two-column format.

- A. Pages 53–57, Problems 12, 14, 15 (prove your answer correct), 16, 23.
B. Suppose m and n are integers. If $m > n$, prove that $m \geq n + 1$.
