

**PLEASE READ THIS CAREFULLY FIRST:**

- Carefully** locate the **last 4 digits of your student number** in the leftmost column of the table below (in ascending order)  
(There may be duplicate numbers. You can compare the grades to determine which ones are yours).
- Verify your grades.** If any were recorded incorrectly, bring the corresponding papers to your TA for a grade correction.  
Note: **I will NOT update this posting with any corrections**, but I will re-post all grades after the 2nd midterm.
- I dropped your lowest homework and lowest worksheet grade.
- KEEP IN MIND: This is a VERY approximate grade. Only one 30% of your grade is set so far!**  
You can greatly improve your grade by doing better in the remaining exams and assignments.  
(or lower it by not doing as well)  
If you have questions about your grade, talk to me at my office hrs in PDL C-326.
- This grade estimate is computed on a straight scale.  
I may adjust the grades in your favor at the end of term, if the median is too low.  
I expect the median to be between 2.7 and 3.1. The current median is 2.6.

Student ID	Midterm 1	WS 1	WS 2	WS 3	WS 4	Hwk 1	Hwk 2	Hwk 3	% so far	Approx Grade
